Our Merchandise Bulletin!

This sale was not started by accident. It didn't come by "a streak of luck." The necessities of an estate settlement demanded it. Careful planning, judicious buying, courage to sacrifice profits (as the better part of valor for us, as well as for you) determined its success. And success sometimes brings inconvenience. It has so rushed us we could not always wait upon you with the promptness you desired—busy days. Our ad remained unchanged too long for sustained interest. Hereafter better arrangements in this respect will prevent a repetition. And now to price facts.

THEY'RE CALLED Peco Skirts!

Peculiar name, peculiar skirts. We mean peculiar in their perfection for dollar skirts. They have more style and wear than any dollar and a half skirts we've seen. You know a skirt with 50 years reputation for straightforwardness can't afford to sell unsatisfactory goods of any sort so you can absolutely depend upon what we say of this line of undershirts. The material, making, trimming are all more than you can expect. Other skirts at other prices. But ask to see the Peco. Black. Winter weight. One dollar.

BLANKETS! For the Little Ones.

HARVEST HOME SERVICE.

Very Beautiful One Held at the M. E. Church Last Night.

Last night at the M. E. Church on Third street a Harvest Home Service was held.

The altar and chancel were gorgeously decorated with autumn leaves and flowers, while the fruits of the farm gave outward expression of plenty. Heaped out fodder, rye, wheat and oats were apples, pears and kindred fruits; pumpkins, squashes, potatoes and other garden truck.

The songs and anthems were appropriate, and the Rev. Mr. Harro's sermon dwelt along the line of God's fatherliness over us all and how thankful we should be for a Providence who showers us with loving tokens of his benign favor.

It was an impressive service and a very beautiful one.

THE BEE HIVE

When Webster said the definition of a BLANKET is "a covering" he proved his foresight, for he knew there would be hundreds of manufacturers making blankets that are only light coverings. If Webster had been sure that every merchant would demand from the manufacturer the kind of Blankets WE sell he would have given a different meaning; but there is the if. Anyway, at the rate we have been selling Blankets the past week seems as if everybody knew that we have the only stock of Blankets in town at the RIGHT prices, and the PRICES are RIGHT at the very first look. If we Blanket you by night, let us CLOAK you by day. We have the largest Cloak Department in the city. We can please your taste and satisfy your pocket-book.

LADIES' CLOAKS from \$3.98 to \$35
MISSSES' CLOAKS from \$3.98 to \$15
CHILDREN'S CLOAKS from \$1.98 to \$7
INFANTS' CLOAKS from \$1.25 to \$5

When you buy a Cloak you want to be sure you are getting the right style; you want to be sure you are pleased; you want to be sure others are pleased. That's why you should come to THE BEE HIVE. Our Cloaks are never sold until you are satisfied.

UNDERWEAR—Ask the first 10 people you meet where they buy their underwear. Nine and maybe ten will tell you The Bee Hive. Don't ask them why; you know as well as they do. We have every kind you can think of. We can keep your temperature from milk warm to a boiling point; and we don't keep our underwear on a heater to make you think it's warm, either.

STRUCK BY A TRAIN.

Curse Hit on the Baby and They Rode Safely on the Cowcatcher—Grandfather Killed.

Bowling Green, Ky., Oct. 21.—Philip Hay, a wealthy farmer, was killed by a freight train striking his buggy at a railroad crossing.

In the buggy with him were his 15-month-old granddaughter, Lela Jenkins, with her colored nurse, Georgia Jenkins. When the train struck the buggy the cushion with the nurse and child was caught in the cowcatcher, where the colored girl heroically held onto the baby until the train ran 150 yards and was stopped. When the trainmen went to her she still had the baby clasped tightly in her arms, and though its mouth was bleeding, the little one smiled when taken from the nurse's arms, and was not seriously hurt. The nurse escaped with a broken thigh.

The horse was instantly killed and the buggy smashed to pieces.

FOR THE FIRST TIME.

Negroes Worshipped With Whites of the Broadway Baptist Congregation at Louisville.

Louisville, Ky., Oct. 21.—Two Negro women worshipped with the Broadway Baptist congregation Sunday morning. The Broadway church, one of the newest in Louisville, and is ministered to by Rev. Carter Helm Jones, chaplain of a camp of Sons of Confederate Veterans. The women entered the church after the congregation was seated and the services had begun.

The Negroes brushed by the ushers and took their seats in the second row from the pulpit. This is said to be the first time Negroes have attended the Baptist church, and a number of the congregation condemn it while others say they see no objection to the colored people attending services with the whites if they want to and behave themselves.

MUSHROOM INDUSTRY.

Gen. J. B. Briggs Carries on Their Culture in an Edmondson County Cave.

Russellville, Ky., Oct. 21.—Gen. J. B. Briggs, of this city, has a mushroom industry in Edmondson County. He owns a cave, which he has excavated into a large cave, which bears his name, situated three miles from Glasgow Junction, and is raising mushrooms in the cave. The temperature of the cave is about 55 degrees and does not vary more than a degree the year round. He has been experimenting with mushrooms in the cave for some time, and D. B. Chapman, a Frenchman, who knows all about the growing of them, has the industry in charge. The first test was not a success, but he is confident that he will succeed.

He has hit exactly.

Mr. Palmer Deafens It.

Nashville, Tenn., Oct. 21.—W. O. Palmer, representing losses of the Douglas truck at Louisville, Sunday night, declared that an all winter meeting, with a winter look, was to be held here. Mr. Palmer declared that at the very outside the meeting at Douglas truck would not last longer than Thanksgiving.

Suicided on Eve of His Wedding.

Greensboro, Ky., Oct. 21.—George Cobb, of Eve, in this county, committed suicide by shooting himself. He was a young man and was to have been married Saturday. He left a note saying that he was in trouble, and wanted to die. His intended bride is prostrated with grief.

Murder in Covington.

Covington, Ky., Oct. 21.—A husband's jealousy, aggravated by a wife's inconstancy caused Geo. Hall to kill Caper Gaugler in the southeastern portion of this county. He found the two together and the shooting took place.

Lost His Hand.

Covington, Ky., Oct. 21.—Harry Meyers was out hunting Sunday in Dead Woods, back of Covington. While loading his shotgun the trigger caught in his clothing and was discharged. His left hand was blown off at the wrist.

Paris Courthouse Burned.

Paris, Ky., Oct. 21.—Bourbon county's beautiful courthouse, which was erected years ago at a cost of \$125,000, was completely destroyed by fire. The records were saved. The origin is unknown. This is the second time the Paris courthouse was burned.

In Self-Defense.

Mt. Sterling, Ky., Oct. 21.—In a difficulty in rooms over Jesse Hall's saloon Jeff Conley, a painter, was shot and killed by John Fay. Fay claims Conley was advancing toward him with a knife.

Oversboro, Ky., Oct. 21.—The Green River guards returned from Madisonville on a special train Sunday afternoon. Adj. Gen. Murray believes that good order will continue in the Hopkins county mining situation.

Middle, Ky., Oct. 21.—James North, farmer living at Middle, Ky., was struck by a freight train on the L. & N. road track near Middle Sunday afternoon and internally injured, besides having his left foot mashed.

London, Ky., Oct. 21.—A ball that was to have a banquet accompaniment. When they were ready for the "spread" it was found that thieves had stolen practically all the eatables.

FILIPINOS ACTIVE.

The News of American Disasters Spread Rapidly and Gave the Natives Encouragement.

REINFORCEMENTS RUSHED TO SAMAR.

Brig. Gen. Smith, Who is in Command. Has Visited Most of the Posts on the Island.

Another Slaughter of American Soldiers by Insurgents Has Been Averted—Several Persons Connected With Plot Arrested.

Manila, Oct. 21.—Owing to the vigilance of General Thomas M. Butler, Jr., of the 10th United States Infantry, another slaughter of American troops by insurgents has been averted. It seems that the Filipinos recovered a prisoner re-entering the island at Zamboanga, a prisoner of war, and several were confined, through a hole that had been left in the wall. An investigation showed a plan to fill the gap with bolomen and to call the guard, which would be necessary to get the door open, and then to attack the garrison. It also developed that the insurgents were a priest and the president, both of whom have been arrested, together with several other prominent persons.

Other attempts have been discovered, but fortunately frustrated, at Pambujan and other points in Samar. Several persons have been arrested in connection with these.

Reinforcements are being rushed to Samar, and 30 marines, under Lieut. Colonel C. Goodell, have gone on board the United States cruiser New York, and two battalions of the 12th infantry will start immediately for the same destination.

The United States officers from the provinces that were supposed to be pacified have recently arrived in Manila, and they say that the news of American disasters spread like wildfire among the natives, who scarcely attempt to conceal their delight.

Hard Fighting Anticipated.

The Manila constabulary discovered large quantities of steel weapons, springs, which were being shipped to various districts. Investigation showed that these were to be used in manufacturing bombs.

The troops in Samar anticipate hard fighting. Brig. Gen. Jacob H. Smith, who is in command, has visited most of the posts and has instructed the commanders that the insurgents must be hammered out, and Gen. Lukan, the insurgent leader, captured. Already the movement of troops has begun.

Gen. Lacuna, who surrendered last May, has complained to Gen. Chaffee that the terms upon which he and his forces were granted immunity in respect of all acts committed contrary to the laws of war.

Since this document was executed by the United States, Gen. Lacuna has been tried, condemned and sentenced to death for killing American prisoners. Gen. Funston says that he has given Lacuna orally to understand that the killing of American prisoners was excepted. Lacuna admits that something was said on the subject, but says no thorough discussion was had, and he considers the written agreement binding.

MISS STONE'S ABDUCTORS.

All Efforts to Get in Touch With Men to Rescue Miss Stone Have So Far Failed.

Constantinople, Oct. 21.—The United States legation in Constantinople is still without definite news of either Rev. Dr. H. C. Haskell or Rev. J. W. Baird, of the Congressional mission at Samakof, Bulgaria, who have been abducted by the Bulgarians. Miss Ellen M. Stone, the missionary, and Mrs. Tishka, her companion, with a high ladder and fighting gear, were taken to the ground and severely injured. All will recover. Loss on building and contents \$10,000.

Died Suddenly.

Chicago, Oct. 21.—Jeremiah J. McCarthy, general western passenger agent of the West Shore railroad and a railroad man for 25 years, died here from heart failure, which was caused by a stroke of the heart.

Body was a native of Canada. His body will be taken to his home in London for interment.

New York, Oct. 21.—A ball that was to have a banquet accompaniment. When they were ready for the "spread" it was found that thieves had stolen practically all the eatables.

The value of the work done by the International Sunday-school Union can only be appreciated when thoroughly understood. The above outline of the complete organization will give you some idea of its magnitude. The officers are selected with a view to their fitness for the positions which they are chosen. The mere fact of organization without work on the part of those who have the position of trust assigned to them amounts to but very little.

Many persons do not know that fully 20,000,000 persons every Sabbath study the International Sunday-school Lessons, as laid down by the International Committee. Such is the case; and it has only been made possible by reason of the organization of Magisterial Districts, counties, and States.

The International Lesson System was first adopted in 1872. Since that time it has grown in popularity with almost all the larger denominations. At that time there were many kinds of question books in the market, and different schools had different lessons. There was no uniformity of any kind. Indeed, the variety of lessons was so great that in many schools there were two or three different lessons studied on the same day, and often as many different lessons as there were classes. There was no sympathy in their study and no mutual helpfulness was possible.

The officers who have been chosen in the Magisterial Districts of Mason

county are expected to be workers. They are chosen for that purpose. They are expected to secure reports from each school included in their District. To do this they must organize and visit all the schools before the County Convention, which meets in this city on Saturday, November 9th, 1901. At this Convention reports are expected from each school, with a contribution of 2 cents from each scholar and 10 cents from each teacher and officer for the purpose of carrying on the state and international Sunday-school work.

The work is a grand one and will result in great good to the children, the young men, the young women and all those not too infirm to attend, and will give an impetus to religious work in Mason county.

Each Sunday-school is entitled to one delegate for each 100 students or fraction thereof. The Ministers of the county, the officers of the Magisterial Districts and the teachers of the Public Schools, and all interested in religious work, are invited to be present at the County Convention. This is a union service in which all the Churches of the city and county are expected to participate.

Let us make this Convention the grandest ever held in this city.

William E. Cragg and Maggie Bishop, colored, were married Saturday.

The New York Journal and kindred "yellow" sheets have acknowledged their guilt by ceasing their filthy carping of public officials since the death of President McKinley. But they accomplished their purpose; and are just as much "accessories before the fact" to the murder of McKinley as any accused man is to the murder of GOEBEL.

"SAVOYARD" writes from Washington to the Louisville Post—

"One thing is certain, and that is that President Roosevelt is going to give his best endeavors to the reform of Republican politics at the South. It is a big field, and full of weeds. Let him plow down and plant early. And the President will do well to start the furrow in Kentucky and turn Sappian under."

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Jones' August Flower, the favorite medicine of the healthy millions. A few doses will induce indigestion, stimulate the liver to healthy action, purify the blood, and makes you feel robust and vigorous. You can get Dr. J. J. Jones' reliable remedy at J. J. Jones & Co., 100 West Green Street, Louisville.

LIKED IN MAYSVILLE.

The Remown of the Great Author and Physician, Dr. A. W. Chase, is Accented By Maysville People.

It's by the words of the people that Dr. A. W. Chase's Nerve Pills have come into such active demand. The announcements for this medicine are not dependent on the testimony of people so far away that they cannot be authenticated. It's home evidence that convinces, because easily substantiated. It's the simple statement of things done and told in the words of the relieved.

Mr. L. F. Pigg of East Second street, Maysville, Ky., says: "I have been troubled with nervousness, sleeplessness and acute indigestion. Having heard of Dr. A. W. Chase's Nerve Pills, I thought I would try them, and got a box at Chenoweth's Drugstore, and now I can say my nerves are steadied. I sleep well and am not bothered any more with indigestion. I can recommend these pills as an excellent nerve tonic."
